DISCOVERY HAVEN

Every child deserves to come alive.

Confident thinkers. Fearless storytellers. Curious leaders.

01 · OUR STORY

From home to the world.

Discovery Haven began as the learning environment our founder built for her two daughters. Today it is a **global** children's learning and enrichment company, with virtual programmes that reach children wherever they are in the world.

We don't just teach. We transform.

Ages 4–16 | Virtual + in-person | Learners across the globe

DISCOVERY HAVEN

02 · OUR NORTH STAR

The child we are building.

THINK
critically, creatively and independently

SPEAK
clearly, confidently and courageously

CREATE
ideas, stories and solutions

CONNECT
with self, others and the world

LEAD
with empathy, responsibility and purpose

They arrive curious. They leave capable.

One organisation. Multiple pathways to growth.

Haven Academy

Structured learning studios that build communication, creativity, logic and emotional intelligence.

Explore

Hands-on experiences that turn the world into a learning environment.

Haven Tribe

A community of parents, scholars, educators, collaborators and advocates.

Impact + Advocacy

Tracking every child's growth, telling their stories and championing child-centred learning.

Four tracks. One confident child.

Science, Art & Critical Thinking · 4 weeks

The Curiosity Box

Where scientific thinking meets artistic expression. Young investigators question, test and design their way to bold ideas.

Emotional Intelligence & Leadership · 4 weeks

The EQ Lab

The inner work of leadership. Children name their emotions, lead with empathy and resolve conflict with calm and character.

Writing & Storytelling Studio · 6 weeks

Creative Quest

From spark to published story. Young authors build worlds, craft characters and shape plots with real stakes.

Public Speaking & Debate · 6 weeks

Loud & Fearless

Every voice deserves a stage. Children master voice, argument and presence to persuade, debate and own any room.

The world is part of the curriculum.

1 · EXPLORE
Spark curiosity

2 · EXPERIENCE
Learn by doing

3 · EXPRESS
Find a voice

4 · REFLECT
Make meaning

5 · GROW
Transfer the skill

Programmes end. Capabilities stay for life.

Young voices. Real books.

> **Creative Quest didn't just teach me how to write a story. It taught me how to think like a master strategist.**
>
> Learning how to structure suspense and develop complex characters gave me so much confidence in my own voice.

Stella Ogechukwu Chibuike-Ezike

The Learning Architect

A product and learning strategist with over a decade of experience, Stella's work centres on intentional family life and building a learning home through everyday family experiences. She believes parents are a child's first and most effective teachers, and that the home you build today determines the learner your child becomes tomorrow.
